

STANTON & Co.

BAR & DINING

We hope you enjoy your experience and may the most you wish for, be the least you get.

The greatest accomplishment of a bartender lies in their ability to exactly suit their customer. This is done by inquiring what kind of drink the customer desires, and how they wish it prepared. This is especially necessary with cocktails, juleps, sours, and punches.

The bartender must make a special point to study the tastes of their customers and, strictly heeding their wishes, mix all drinks to their desires and tastes. In following this rule, the barkeep will soon gain the esteem and respect of their patrons.

Let us cater to your wants and needs by following the golden rule of; *'diagnosing before prescribing'*

WHAT'S IN A NAME? RICHARD STANTON

We named our bar/restaurant after Richard Stanton who developed the suburb of Rosebery in the early 1920s.

Inspired by visits to the USA, he pioneered the idea of the 'garden suburb' and is also credited with introducing the California bungalow to Australia, many of which can be seen in the surrounding streets.

At the time, a magazine called The Salon, lauded the design for Rosebery as 'beautiful, designed for the health, happiness and morality of the people'.

Our aim at Stanton & Co is certainly to improve your health and most importantly, increase your happiness - the morality is up to you!
